

BUNDUTEC ELECTRIC ROOFTOP TENTS

The Bundutop is a full aluminium construction and weighs approximately 70 kg excluding the ladder.

Available in two sizes: **BunduTop \$5490**
BunduKing \$6690

Custom sizes or colours are available as factory order.

All Bundutop Electric tents are now pre-wired for a Solar Panel. The roof can support up to 25 kg of additional weight, so you can install a solar panel on top or you can order a tent with a 200 watt solar panel already installed. The tent has a winch inside that lifts and lowers the top section. It is connected to ropes that run on bearings to effectively pull in the awnings and sides. It is made from a durable 300 gms UV treated RipTech Canvas and comes with a telescopic aluminium ladder.

Now also available:

The Added Room
\$899

Fits either size tent.

BIG COUNTRY 4X4 Penthouse Tent

The brand new 146cm wide Big Country 4x4 Penthouse tent is now available to order

Available in a matt black or white epoxy powder coated finish **\$4500**

The Big Country Penthouse tent is one of the largest tents available. The aerodynamic shape results in an overall height (when closed) from front to back of 200 to 300mm. This also allows for the storage of more bedding inside the tent.
